

Become a volunteer at our leg club.

We need your help to set up an Ellie Lindsay Leg club in Congresbury, Yatton and Wrington.

We're looking for volunteers with enthusiasm and energy who can help create a welcoming atmosphere at our North Somerset Leg Clubs.

They're a partnership between community nurses, GP practice nurses, patients and the community. It provides wound care management in a friendly, social environment.

Nurses provide the health care, but they can't do it without volunteers who are needed for essential support.

We also need volunteers to join our steering committee which oversees the running of the club, organises fundraising events and puts together lots of information.

Join us from 1.30pm-2.30pm on July 11th at Yatton Village Hall, The Causeway, Yatton, BS49 4HL to find out more.
